

POSITION STATEMENT SUMMARY

External combustible cladding

Position

Effective 14 June 2024, the following is a position of Fire and Rescue NSW (FRNSW):

FRNSW will consider cladding risk assessment principles when asked to provide advice in respect of buildings that have external combustible cladding (i.e. "Cladding").

Refer to [External combustible cladding](#) for further information.

Reference must be made to the FRNSW website to ensure this position is current at the time of use, and this position has not been superseded or revoked.

Summary

This position statement indicates that various applicable risk assessment principles will be considered when advice is sought from FRNSW regarding the specific risk profile presented by external combustible cladding.

Building proponents are directed to the [External combustible cladding](#) page on the FRNSW website where additional information is provided on this matter.

This position statement has been authorised for release by Chief Superintendent Fire Safety, FRNSW.
