

# FIRE AND RESCUE NSW **MEMORIAL SERVICE**

2 NOVEMBER 2020

Thank you for joining us today to honour our people who passed away during these difficult and unusual times.

While COVID-19 restrictions meant we could not gather in large numbers for their funerals, this should not stop us celebrating their lives and remembering them and their service to their community through their work with Fire and Rescue NSW.

For the families and loved ones joining us here in person, as well as those who are sharing this ceremony online today, we want to pay honour and tribute to your loved ones and express our gratitude for their lives and service.

All the individuals we are remembering today have made significant contributions to Fire and Rescue NSW, to their communities, and to the lives of those around them. They have each touched many people's lives and our lives are the richer for knowing them.

I hope today's ceremony will provide some comfort as well as an opportunity to support each other and share memories of your loved ones.

Our thoughts are with all families who have lost loved ones during this challenging time.

**Paul Baxter**  
Commissioner
